I married Richard Thompson, a graduate of Cathedral High School in 1962. We have spent most of these years in South Dakota. Being true South Dakotans at heart, this will be where we return. We are presently in Denver where my husband is Superintendent of the Catholic Schools in the Denver Archdiocese. We have four children: Brian, Rapid City, two children - Lindsay and Matthew; Tamra and son-in-law, Mike, two children - Quinn and Grace; Kevin, deceased; and Kara with William and Mary in Williamsburg, VA. Our son, Kevin, died of bone cancer at the age of 16. In the 5 years of his treatment, he taught us well about living. After 49 years of marriage, Dick and I enjoy our time together and plan as many family get-togethers as possible.

My blessings have far outweighed my regrets these past 50 years. One divorce somehow softened by a beautiful daughter resulting from it's existence, one 27 year long marriage cut suddenly short by cancer, and one current marriage on it's way to forever. I've enjoyed many travels throughout the years while always returning to my home in the Rapid City area. (Apparently it never occurred to me to move away, with the exception of a six month residence in North Dakota which is hardly worth mentioning.) I worked for 33 years for Northwestern Bell which morphed into U S West, then Qwest and is probably not done transitioning yet. I owned a small video store in Sturgis for 10 years and currently I am working part time at the Methodist Church in Piedmont as an administrative secretary. Once in a while I think about retiring completely but it seems foolish when I enjoy working there so much. My faith is strong, my health is good, and my gratitude bucket is overflowing.

I retired in 2003 from 22 years at American Express in Minneapolis working in Information Systems. I discovered right off the bat that I did not like being retired so I tried a couple of different things like Real Estate and Police Dispatcher. My permanent retirement job is working for the Department of Veterans' Affairs at the Columbia VA hospital. Susan and I have been married for almost 25 years. She has a son and his wife (John & Anna) who live in the Minneapolis area and I have a daughter and her husband (Richelle and Jason) and 2 grandsons (Jackson and Reese) who live in the Boston area. We lost my son David at age 24 in 1994 and my daughter Marcia at age 24 in 2002. I may have to retire again in the next few years because the kids don't like Missouri all that much so we will eventually have to move back to Minnesota where they both grew up and Ricki will visit more often. Or, I may try for a transfer to the Minneapolis VA Hospital and work forever.....

I attended SDSM&T before going into the Army. Following 5 years in the Army, I returned to Rapid City. I spent 25 years working with Coca-Cola in Rapid City & then Albuquerque, NM as a customer service manager. After Coca-Cola, I made a career change & worked for Presbyterian Healthcare Services in Albuquerque as a Manager for the Contact Center & later as a Business & Systems Analyst. After working for 55 years (starting at the Daisy Dell in 1953), my wife & I are enjoying our retirement & spend as much time as possible traveling the back roads of the country in our motor home. Some of the most beautiful countryside can be found along these routes. We have enjoyed many points of interest that are known by the locals but would be missed racing along the interstate. National & state parks have a great deal to offer in terms of natural beauty, history and culture.

Doreen Ballinger Hester
702 E Main St
Cut Bank MT 59427
406-873-4658

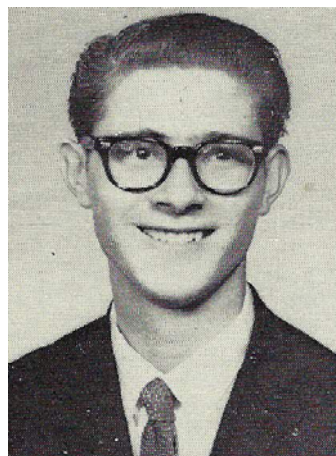

Moved to Cut Bank in 1967. Jim retired in 1979. I worked as a desk clerk for 20+ years. Went to dog grooming school and opened my own grooming parlor and kennel in 2003. Son Paul, wife Carolyn, children Alina (16), Forrestt (14) moved to West Virginia where he works for the Border Patrol after 2 tours in Kuwait & Iraq. Retired from the National Guard after 18 ½ years. Our daughter Lynda, husband Scott, daughters Nichole (Derrick), son Reese (3), and Lacy all live in North Dakota. We have been quite active in our community, church and our business and enjoy trips through Glacier National Park. Our door is always open.

Presently a resident of Rapid City, retired investment broker, doing my own investments and following the market on a daily basis. I enjoy playing tennis; hunting pheasants in the fall; member of the Dakota Corvette Club; member of First Baptist Church, Rapid City; traveling; following football (Huskers) and baseball (especially Twins and Post 22).

Pat and I have been married for 42 years; we have two children and 4 grandchildren.

Due to scheduling conflicts, we will miss enjoying the reunion with you as we will be traveling in Berlin and Paris.

Look forward to seeing you around Rapid City...

Kylan retired in 2004 and we moved to our lake house in Alabama. We have three children. The youngest, Kayln, lives Atlanta and works as a Civil Engineer. Lisa, our oldest, lives in northern Alabama and is an accounting manager in Scottsboro. Our son Kylan and his wife Sarah along with our two grandsons live in Alvin, Texas. He travels all over the US as a certified welding inspector. We spend most of our time visiting our children and grandchildren. We enjoy playing golf at least twice a week and traveling when we can. We have Kylan's ninety-one year old mother with us. Since we retired we have traveled to Hawaii, Egypt, sailed up the Nile, vacationed in the Smokie Mountains, St Simons Island and Savannah, Georgia along with Charleston, South Carolina. Next year we are hoping to go on a cruise to Alaska. After we leave the reunion we plan to travel to the Grand Canyon and sightsee on the way. This will probably be my last reunion and I am looking forward to it.

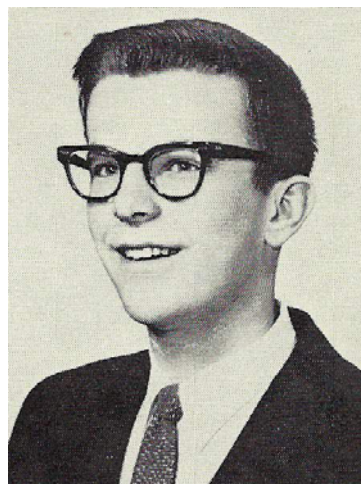

Janet Barton Brunson
206 Talatha Church Rd
Aiken SC 29803

I married William Brunson 12/8/1962. We moved to Aiken, SC in 1969. We have a daughter, Billie B Goodman and a granddaughter, Kayla Goodman. I retired from Stewart Builders in 2005 after 34 years. I currently work from home keeping books for HBA of Aiken and keep up with management of our mobile home park located next to our home. I enjoy traveling and do cross stitch in my spare time.

In 2003, Randy retired from State Farm Insurance and we moved from Monroe, LA to Miramar Beach, FL (50 miles east of Pensacola). We live in the Sandestin Golf and Beach Resort and try to take advantage of all the amenities; beautiful beach, wonderful golf courses, and a ton of nice places to dine. We've been fortunate enough to be able to travel a good bit and we also stay tuned in with our four grandchildren. Two live near Newark, OH and belong to Brian and his wife Katie. The other two live in Murfreesboro, TN and belong to Tonya and her husband Phillip. We're most proud of our kids and four grandchildren.

Tony and I moved into our new home just after the last reunion 10 years ago. Fountain Hills is a small town and only twelve miles from Scottsdale. I head down the hill every Thursday to my Tai Chi class (just a beginner) and Fridays to Line Dancing. Tony and I ball room danced three to five days a week until he had a knee problem. I am also a member of The Red Hat Society. My line dancing instructor and two other new friends went to the Follies in Palm Springs, CA and what fun we had! We decided to schedule more short trips this year. Tony and I are building a cabin up in Lakeside, Az. to get out of the heat in the summers. Tony and I and our two boys are looking forward to that next summer.

I cannot believe it's been fifty years!!

Where do I start? I've lived in Utah, Montana, Nevada, Maine, Florida, California, and now I'm back in Sparks, NV.

Bob died six years ago so I spend a lot of time with my kids and grand-kids who range from 22 years old to six years old. I like to travel so I take off when ever. I'm looking forward to seeing everyone and to reminisce about old times.

After college and the military, my wife, Judi and I moved to the Kansas City area in April of 1968. We have lived in our home for 38 years; have 4 children, 10 grandchildren, and one great grandbaby on the way. Judi still works for an insurance company (28 years) and I am still a technician (38 years). As for retirement, we both enjoy our work and with the economy the way it is, we may just keep working for a while.

I have been married to Terry McGinnis for 38 years. After living and working in Washington, D.C., Virginia, Michigan, and Missouri, Terry retired from the F.B.I. in 2006. For the past 27 years we have lived near St. Louis, MO. We have a son and a daughter and five beautiful grandchildren, boys ages 5, 3, 2 1/2, and twins, a boy and a girl, ages 1. Fortunately they all live near us, so we get to enjoy being with them often. Our other interests, not necessarily shared by both, are traveling, biking, gardening, photography, wildlife and bird watching, genealogy, American history, golfing, fishing, and boating.

After high school I went to college and graduate school with emphasis on vocal music. Since then I have done some teaching (music), singing, choir directing, and lots of volunteer work in a number of fields. I am still directing my church choir, mostly for the fun of it. My husband Roland and I have lived in Carbondale, Illinois for 40 years; we raised two lovely daughters, one adopted from Korea, and one home grown. We are now enjoying retirement and playing with our three adorable granddaughters, all under the age of four. One hip replacement in January and another in July have slowed me down a bit this year--isn't getting old fun?--but I plan to be dancing at our 50th reunion.

The last 10 years has brought a lot of changes. In 2004, I retired from my job of 12 years working for an OB/Gyn in Springfield, Virginia. I also got the thrill of becoming a grandma that year. Since then there have been three more grandchildren added to our family. 2006 was the year of the biggest change. Jim retired in January and we moved from Virginia to Sun City, Texas, an active adult community in Georgetown, Texas. Retired life is wonderful. Time for all the many activities, travel, and to be with our children and grandchildren.

Have lived in the Hills for many years and recently moved to Rapid City. We spend the winters in Arizona—golfing and hiking year round.

Work with a group in Arizona putting on a yearly marathon and also put on an annual 5-K in Sturgis—just a volunteer not a runner. Also have a therapy dog that needs my driving expertise. And traveling is high on my agenda—will travel on a moment's notice.

My granddaughter will be a Cobbler this fall, she tells me she's so excited and so scared. Seems like such a short time ago that I felt the same—time flies!

Floyda Butts Sauer

FloydaSauer@msn.com

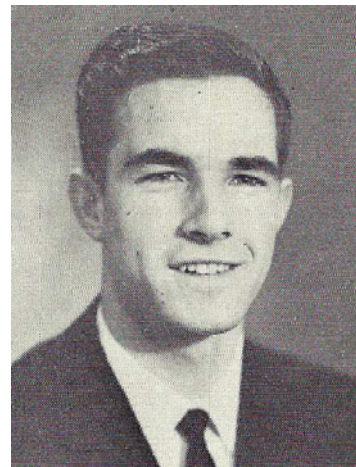

My husband, Dale, and I are both retired. I retired from teaching and he was a fairgrounds manager. We are still living in Lakeview, Oregon. Both of our daughters and their families live in the area so we often have family get-togethers. Dala, older daughter, and her husband, Keith, have three daughters (Nikki - 26 is a student working on her second degree; Lacey - 24 owns a floral and home décor business in town; Teri - 20 is a junior working on a degree in dental hygiene.) Danette and her husband, John, have two children: Trevor, 6 and Paige, 3. Dale and I spend a lot of time traveling, camping, and fishing in the many mountain lakes in our area.

When we are at home, I spend time making quilts. Some years I have completed more than 20 quilts. The girls are always involved in something that needs a raffle prize so Grammy makes a quilt to donate. I am also a Red Hatter, but our group is known as "The Wild Plums" since we are longer affiliated with the national organization.

Stan, I and our three children have been living near Evergreen, Colorado since 1971. It looks a lot like the Black Hills. In the summer we enjoy the Jacobsen family cabin on the Minnesota side of Big Stone Lake across from Milbank, South Dakota. Since 1980, I have been teaching in full time ministry...yes, wonders never cease. In 1993, I founded Led by the Spirit School which is also established in West Sussex, England. The courses develop relationship to eradicate formulas. I relish gardening at 7600 ft and my musical pursuits. I use the influence of my South Dakota roots everyday.

My wife, Marlene, and I are retired and living in May township north of Stillwater, Minnesota. I worked in the computer industry in the Twin Cities for 43 years starting in 1965. Our children, Josh, Matt, Luke, and Emily are all employed or finishing up graduate school. No marriages or grandchildren yet. Marlene and I are busy catching up on home maintenance, gardening, and keeping the brush down on our 7 acres. Seems like the to-do list never stops growing. It has been a good 50 years and we have been blessed.

I retired in January 2006 after 38 years of Engineering and Management assignments in the private sector and government. Interesting assignments included working on the Space Shuttle rocket motor program and Federal Prison Industries. Glenda and I have three children and four grandchildren. We moved to Sun City, Texas after living in 8 different states over the years. My retired interests include participation in the management of a large homeowners association, travel, playing cards, swimming, photography, and grand-parenting.

When I left Rapid City 40 years ago, I made my home in Chico, Ca and Chandler, Az. I have lived in Rapid City 6 years. Moving back to Rapid has been great. It is wonderful to once again enjoy the Black Hills and get reacquainted with old friends as well as making new. The weather is very different and enjoy the four seasons (especially, since I don't have to go out if the weather turns bad). My career was in Banking and had worked my way up the ladder becoming a Bank Manager. When my husband passed away, I changed my career to selling Real Estate, then once again returning to Bank Managing. I have been retired 16 years. I have enjoyed traveling as well as my friends and family since retirement.. My sons live in Navarre, Fl and Los Angeles, Ca. My daughter lives in Chico, Ca. Very enjoyable places to visit. My four grandsons live in Chico and Florida. I am learning about gardening and bugs, work in my yard and enjoy decorating my home. Makes me feel good when friends want me to help them in their redecorating. It's great not having a schedule and can take road trips and travel when I get the "itch".

Greetings, Wayne and I reside in Rapid City. Wayne is retired but does some substitute teaching when he can't play golf. After many years of teaching for the RC district, 4 years ago I took an administrative position as the Community Partnership Facilitator for the school district. I was challenged to develop a Partnership Office to help alleviate shrinking education deficits by bringing business and community resources into the district. Our community has stepped up big time to help our RC youth. Check out my website and contribute if you can. I hope to retire within the next year. Son Troy is realtor in RC and daughter Jeana is the General Sales Manager for Viamedia in RC. www.PartnershipRapidCity.com.

There's sure not a lot to report from my little corner of the world; as most of you know, I moved to Mountain Home, AR in 2007 which is in north-central Arkansas, near the Missouri line, and in the Ozark Mountains. I really like the area (except the summer heat) and love the small town, but it took me a very long time to adjust as I really miss the hills and my friends. I work two afternoons a week in a dermatologist's office filing the insurance claims and getting the biopsies ready to send to the lab - they do quite a bit of skin cancer surgery there. I still work on quilts and read voraciously. My son lives 8 ½ hours away in Texas so we alternate visits. If you're ever in Branson, MO, I'm only 1 ½ hours away so be sure to give me a call.

I finally retired April 2008 & now have time to travel & work on my old cars. I finished my 59 Cadillac, my 63 Corvair & a 62 T Bird which I recently sold to a guy in West Virginia. In 2009, Sandy's son Adam & my son Deano both surprised us with proposals & got married within 6 months of each other. Adam in Vegas & Deano in Hawaii. It was a very busy year. We now have 2 more grandchildren Jett 2 and Sophie 3 – that makes 4 total. We stopped to visit Mike & JoAnn Ward while vacationing in Branson & ran into a tornado-- scary just like the movies- The sky turned black & the rain & wind were blinding. The roof was torn off a furniture store down the street from where we were having lunch. We spent the rest of the day at their son Jeff's who has a tornado cellar. We get together with Dennis & Kareen Madden, Jim Dick & Mike Berry 3 or 4 times a year and even had a visit from Jerry Stinson and Gladys Eggbraten earlier this year. We play bridge once a week & golf 1 to 2 times a month. It's great to be retired!

Arland and I have been married 33 years and have one daughter, Holly. I taught elementary 27 years in Littleton Public Schools and then we returned to the Black Hills in 1999 and settled in Spearfish. Arland invented and manufactures a water system that structures and energizes the water throughout the home. Holly has joined the family business and works from Longview, TX. I also spend time in Bible Studies and quilting. We love traveling together by car to various parts of America.

Ralph & I will celebrate our 48th anniversary on October 25, 2011--what better way to celebrate than to come back to my 1st class reunion. We both retired in 2001. We are now enjoying doing whatever comes to mind. We have 2 children, 5 grandchildren (1 deceased) and 2 great-grandchildren. We are charter members of our Hog Club & enjoy riding our Harley. We've been to Sturgis numerous times. We now enjoy sleeping later (6 o'clock), feeding the birds & squirrels, and taking short trips and doing whatever comes to mind.

After graduation, I lived in Sioux Falls where I attended nursing school and nurse anesthesia school. I practiced there until 1971 when I moved to Kansas City and married my husband, Jerry, an anesthesiologist. We lived there for 29 years before relocating to Bella Vista, AR where we have been for the last 11 years. We are fortunate to have our son, David, and our daughter, Anne, and their families living nearby. It is a joy to have four grandchildren so close. I volunteer at our local hospital and spend most of my leisure time traveling in our motor home and returning to the Black Hills as often as possible.

After a misspent year at SDSM&T, I enlisted in the Navy and qualified as a nuclear reactor operator. While at nuc school I met and married Linda Winterstein. We celebrated our 45th wedding anniversary this year! Together we raised two sons (she did most while I was at sea) and now have three grandchildren. The Navy saw fit to send me to college, North Carolina State University, for my BS in nuclear engineering, and then gave me a commission. Later on the Navy sent me to graduate school at Air Force Institute of Technology for my MS-NucEng and an assignment of underground testing in Nevada. Retired from the Navy in '91, vowing to never carry another briefcase, and opened the Anchorage B&B outside Keystone, SD.

Mel and I came back to Rapid City in 1976, after teaching on Guam. I taught English at South JH and was a school librarian -- including a stint at RC Central; Mel was a Guidance Counselor at Stevens. We retired in 2001. We have two sons, a daughter, and two grandchildren who don't live nearly close enough. Shortly after retirement, Mel and I became Master Gardeners. I also enjoy reading and quilting. It's hard to fit it all in. We have also enjoyed many travels, and we're always looking forward to the next trip.

After high school I went to college and graduated with a BA in Zoology. I have worked for County and State Government as an Environmental Health Planner, administrator for various state programs for the Department of Education, field appraiser and assessor. I have also worked for the RC Chamber of Commerce and for the Department of Labor in various positions for the last 25 years, along with a variety of volunteer board work. I am currently working part time for the Department of Labor in the Re-employment Program in RC. My wife, Donna, and I live here in Rapid City. I have two previous marriages and one son, Michael, and two grandchildren Megan 14 and Jake 12. Donna is still teaching full time and we are hoping that she can retire after this next year. We are looking forward to more time together and the freedom to do a variety of things we enjoy.

After 28 years in the banking community, I am currently retired and live in Rapid City. I do have many interests that I currently participate in. To stay in the financial circle, I have elderly clients with real estate and financial assets that I manage for them through their living trusts. I purchased an old home that I am remodeling, restoring my old 1979 Chevrolet pickup, and assist in the training of my special friend's horses, just to name a few. One of these days maybe I will have time for golf.

Life has been good to me. I find it hard to believe that 50 years have passed since we were the class of '61! I still live in the sunny southwest, Scottsdale, AZ where the sun always shines and snow is something I actually have to get in my car and drive to see. When it gets too hot in the summer "Honey" (my Las ha Maltese) and I head up to my little MT retreat. I truly enjoy travel and have been fortunate in that I have taken several wonderful trips and cruises and am looking forward to the next adventure and of course the beaches in Mexico are only a couple of hours away, how great is that! Thirty years ago I decided to get into Real Estate. I now hold several national designations and on the local level I mentor and teach classes for new agents in our company. No, I really don't see myself retiring anytime soon, as I am having too much fun doing what I love and am successful at. In my spar time I like to hike, swim, go to the gym, and read, and am starting to get back to the game of golf.

After graduating from USD at Vermillion in 1965, I spent 18 months in the Navy. I was stationed on Guam, & was an enlisted office guy. This is actually where I began my "career" in personnel. I was attached to an air squadron that did aerial recon over 'Nam. While on Guam, I was sent to Townsville, Australia for 36 days on "detachment" where I worked in the mess hall, but the Aussies thought I was on vacation. Since I spent all my time with the Aussies, they took me out in the "bush" & we went kangaroo hunting. I didn't even see one, let alone shoot one. The Aussies are great people. Upon getting out of the Navy, I moved to Denver working in jobs I didn't really like. I moved to Chicago & worked for a personnel association. I was a staff assistant where I coordinated workshops, seminars, & conferences held throughout the country. Next, I moved to Des Moines, Iowa working for the City of Des Moines for seven years. I was a Personnel Analyst studying City jobs and developing tests to hire and promote personnel. While in Des Moines I received a Masters Degree in Counseling & Personnel Services. After Des Moines, I moved to Cincinnati, Ohio initially doing the same kind of work I did in Des Moines. I eventually was transferred to the Labor Relations section where I assisted in the negotiation of the Union Contracts for police & fire. I interpreted the contracts, set up grievance hearings, & did training in variety of personnel areas. I retired from the City in November of 2003 & have been enjoying it a lot.

Ten years ago in 2001, my husband and I had just begun what was to be six years of snowbirding between Illinois and Arizona. We especially enjoyed AZ birdwatching and off-road adventures in a 1979 International Scout that had been my dad's. In the spring of 2007 we bought a permanent residence, sold our IL and AZ homes, and settled on three and a half acres of desert on Tucson's far northwest side. When my husband died in the fall of 2008, and my dad less than a year later, I brought my mother to live with me in AZ. My activities are mainly with the local chapter of the American Sewing Guild, and I work at maintaining my desert xeriscape garden. Mother and I enjoy the hummingbirds at the feeders, and quail, rabbits, even the occasional coyote at the birdbath. I'm a member of Dove of Peace Lutheran Church, where I serve as a lector and an assistant to the pastor. My daughter lives in Kentucky, and my son and family, including three grandchildren, live in Virginia.

I joined the Navy October 1961 to March 1966. I was on the USS Topeka, a cruiser until discharged. Went to Minneapolis MN until 1970, moved to Denver in 1970 until I retired in 2002 from the Denver Water Department. Moved back to Rapid City in 2003 to get away from the big city and enjoy the Black Hills, the place I love for fishing and camping and live in a small town again.

The kids and grand kids are doing good. My time has been spent fishing, hunting, doing chores, and repairing old broken things. More time has been spent in the shop than any place else. Linda has become stubborn and cranky. The other day I told her to shine my shoes, and she laughed at me, then refused. When she wants old and broken things fixed, she points, and expects me to get right after it. Not complainin', just explaining.

Since our 40th reunion, I've quit AFLAC, gone back to grad school, renewed my teaching certificate, taught high school algebra and am back working ½ time for the software company I co-founded. I travel throughout the 8 neighboring states doing training. For fun my companion, Al, and I decided in 2003 to golf in all 50 state capitals. Our grand finale was playing in Washington DC. This resulted in more stories than you care to hear and lots of “stuff” for a yet to be finished scrap book but no hole-in-one for me. I spent a lot of time with my sister, Lori Harrington, in Rapid after her colon cancer diagnosis. Her obituary requested that everyone “Get a Colonoscopy” – have you? My son & his wife are empty-nesters at 41, have changed careers and moved to CO. Skiing with them next winter will be fantastic. Granddaughter #1 is studying in Italy this summer. Why didn't we do things like that??? My daughter & her husband are busy as realtors, fortunately for me, in Sioux Falls. Granddaughter #2 plays volleyball & softball – love going to her games. Life is good!

After 34 years with State Farm Insurance, I retired in December 2003. Linda and I then moved to Miramar Beach, FL (50 miles east of Pensacola). Our paradise, with beautiful white sand beaches, emerald gulf waters, and 4 great golf courses. We spend time golfing, traveling and do some volunteer work from time to time. Our daughter Tonya and family live in Murfreesboro, TN and son Brian and family live near Newark, OH so we head up I65 often to see family. We're most proud of our kids and four grandchildren. Life is good for Linda (Beck) and Randy Lee.

David is still working for the Civil Engineer Squadron at Ellsworth but plans to retire by the end of 2011, after nearly 38 years. He and Delsie have been married for 26 years, and have 8 fabulous grandkids, one great - granddaughter and another great-grand on the way. David's still singing with the Shrine of Democracy Chorus and does an occasional community theater acting spot. Delsie's a superb gardener and they both enjoy taking on Deadwood's slots regularly and spoiling the 5 grandchildren who live in the Hills. It's great to reconnect with classmates for the 50th!!

I married classmate Earl McKinstry in 1964. We have two married children, Jay (Ruth) who lives near us in Piedmont and Jill (Michael) who lives in Atchison, Kansas. We have four grandchildren, Jayme (14); Wezley; Mikayla (11) and Jozie (10). I keep busy with volunteer work at church. We enjoy traveling and visiting friends across the US. We took the grandchildren (with Jill and Mike) to Washington, DC to see where we had once lived and all the historical sites. I enjoy reading every spare minute. Teaching and studying God's Word is my greatest pleasure. Our family is richly blessed.

Unfortunately because of a family wedding this fall, I won't be able to attend the big "50th Class Reunion." I look forward to hearing and reading all about classmates and the fun. Harry and I continue to enjoy our retirement years. We treasure the leisure time we get to spend with friends and family. We are blessed that our children and their families live in Illinois, and we can share their interests and activities. Our 11 grandchildren (8 boys and 3 girls) range in age from 5 to 16 years, so there is always a ballgame, dance recital, concert, birthday, holiday, and school- or church- related event to attend and enjoy. We also look forward to more traveling, attending plays and movies, reading and spending time at our vacation home in northwest Illinois. Best wishes and good health to all.

After graduating from South Dakota State University in 1966 with a degree in Pharmacy, I spent the next 26 years in the Army serving in a variety of Army Pharmacies. I retired in 1992 and started a Pharmacy Technician Training Program at Western Dakota Technical Institute and taught for 12 years before my second retirement. I currently work part time at Rapid City Regional Hospital in the Ambulatory Pharmacy and part time as the West River Board of Pharmacy Inspector. I continue to enjoy hunting in the hills with my son and grandson. Classmate Janell (Mann) and I have been married for 47 years and have 2 children, Jay and Jill and 4 grandchildren. Janell and I look forward to me being more retired and spending more time traveling in the RV, down south in the winter and more time with the grandkids.

My name is Janet (Meredith) Bangs, my maiden name was Meredith. I am retired and I live in Rapid City with my sister Cyd. Cooking, gardening and traveling are favorite hobbies of mine. I have 9 grandchildren of my own and counting my deceased husband's 5 as mine too. Also 4 great grandchildren are blessing my life. I lunch occasionally with some of my friends that I've had since my school days. My family (brother and sister) all live around the Rapid City area. My 2 children live in Wyoming.

Rapid City SD 57702
605-716-2778
KarenRaben@att.net

We retired to Rapid City in 2004 and experienced highs and lows in building a new home. We stayed retired until 2005 and unexpectedly became step-on tour guides for motor coaches visiting the Black Hills. That expanded to becoming leader/guides for Elderhostel programs which are now known as Road Scholar programs. So, we work from May to October exploring the magnificent Black Hills with tourists. Susan, our daughter, married Jim in 2005 and last August they had a wonderful little girl, Aurelia. We had no clue that being grandparents would be so fantastic.

Greetings “Seniors,” Reunion Committee - Thanks! Retirement continues to be enjoyable with family & friends, tasting to find the “perfect” wine, giving fishing lessons to Roger Lauer, & watching John Quinn become a TV star. Have a story that will re-new everyone’s spirit & pride: Years after graduation, I had the privilege of visiting with our counselor Earl Prunty. He commented that the “Class of 1961 was one of the most outstanding in his long career at RCHS.” Classmates, Mr. Prunty’s reflection of us made for a very proud moment in time - these feelings continue 50 years later as our memories live on! Best Wishes!

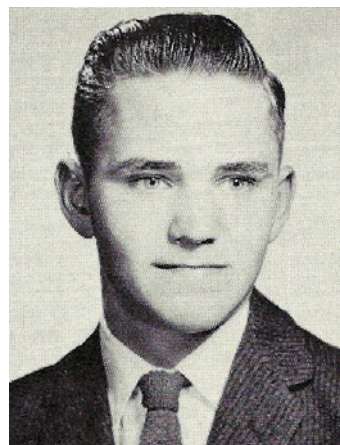

Judy Neff Lehner

j8lehner@gmail.com

Jon & I were married in 1968 after both of us lost our spouses. We lived in Sioux Falls most our married life and the Black Hills for 8 after he retired. We have 3 children & 5 grandchildren & moved to Shenandoah, IA, 5 years ago to be closer to them. We love it here! My “career” has been painting, mostly watercolor, & calligraphy. I sold art at festivals for many years. Fortunately, Jon supported this habit. In the 90’s, the USD art department sponsored a traveling show of 30 of my paintings called “With Liberty and Justice for All” about homelessness, poverty, & racial injustice. 19 of those paintings are permanently displayed in the Surbeck Center at Tech in the Hisega Room, thanks to Dr. Reuben Bareis.

In 2008, I was appointed the CEO of the Rapid City campus of National American University, after years of teaching business, finance and law courses at NAU and other local universities. Monika, my wife of 43 years (a Pennsylvania girl) and I settled in Rapid City in 1996 after my 28-year career in finance where I managed investment units for some of the world's largest financial institutions, on Wall Street and in Hong Kong, Tokyo and Singapore. I have done business in over 70 countries, and continue to add more.. Monika and I have two adult sons and two fabulous grandchildren. Looking forward, I hope to wrap up a Master's degree in History at the University of South Dakota in 2012, and publish my fourth book, also in 2012, on financial manias and panics from the 19th century to the present. Am accelerating progress on a "bucket list" of things left to do, and places to visit, and hope there is time to achieve them all.

We retired to Rapid City in 2004 and experienced highs and lows in building a new home. We stayed retired until 2005 and unexpectedly became step-on tour guides for motor coaches visiting the Black Hills. That expanded to becoming leader/guides for Elderhostel programs which are now known as Road Scholar programs. So, we work from May to October exploring the magnificent Black Hills with tourists. Susan, our daughter, married Jim in 2005 and last August they had a wonderful little girl, Aurelia. We had no clue that being grandparents would be so fantastic.

After graduating from RCHS I accepted what I thought was just a summer job at Rushmore State Bank in Rapid City, with all intentions of pursuing my teaching career in the fall. That didn't happen! Forty-six years later in 2007, I found myself retiring from a great banking career. I've married twice and was blessed with my daughter, Angie, from my first marriage. My second marriage came with four children, nine grandchildren, and three great grandchildren. I have lived in Kalispell, the beautiful northwest corner of Montana since 1967. I love to read, garden and go cruzin' with my husband, Mel, in our 39 Dodge pickup street rod. Fifty years went by really fast . . . didn't it?

The last ten years have been trying & exciting for myself & my family & we have been blessed in many ways. The most important blessing came in 2002 when my husband, Tom, needed a kidney & I put a notice in our church bulletin asking if anyone could help. A young woman, mother of two, graciously came forward & donated a kidney. We are convinced that she is our angel. Her family & ours are now very good friends. My husband has been in wonderful health since the first day of the transplant. Both of our children have given us grandchildren in the last 6 years & it has been a real treat. Hope, the oldest at 6, lives in Raleigh, NC & Logan, almost 2, lives in Spring Valley, MN. During the last ten years my husband & I have spent most of the winters, in either Texas or Florida, golfing & staying warm. We traveled with a 5th wheel, stayed in RV parks & met many interesting people from all over the country. Summers we have continually worked on our house remodeling project that started 14 yrs. ago. I continue to do floral work out of my home & enjoy the everyday activity. Staying fit is the challenge these days & each day involves a long walk along the Straight River here in Owatonna as we look forward to every day & new things. Good luck to all.

Dianne Rath Gaschler

Salt Lake City UT 84109

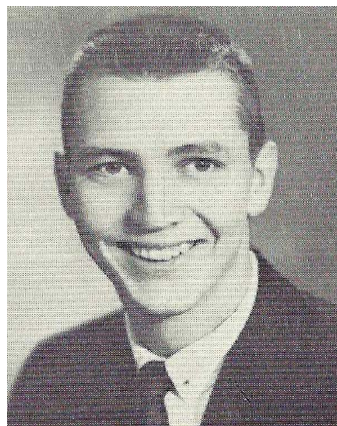

I'm pleased to be listed here at the end of this celebrated list--& am glad to be alive!! Even though I enjoyed teaching first grade, I (we) like retirement much more. We like to hike in Utah mtns., swim at pool, watch crazy politics on tv, & get to Calif. ocean frequently (youngest son is still a student there). I'm active in church groups & like sharing meals with others. Two children live close by here in SLC, which is great! (But not even one grandchild to spoil!)

Greetings to all the Cobblers I remember & cherish!!

I finally retired a few weeks ago after 25 years as Administrative Manager for Lake Powell Resorts & Marinas. Life is good at my home in Page, AZ with my two cats, Lady & Bug. My daughter & her family live close by & grandchildren, Amanda (17) and Matthew (16) are the center of my life. Last year the three of us enjoyed a great cruise to the Mexican Riviera. In June I am headed to their summer home in northern Minnesota and will stay all summer. It's located on a remote lake - no television, computers - just incredible scenery, wildlife, water sports & catching up on my reading. My spare time includes crafts, online poker, music, friends & family.

I joined The Marine Corp in our junior year at RCHS, serving the first 2½ years in California; boot camp, schools and duty station. I got my GED in April 1961 while at that duty station. The next year plus was in Okinawa and Japan, then back to 29 Palms CA. On November 22, 1963, I was released from active duty. The next 35 years were spent in Boulder County, Colorado. Most of my employment was in supervision and management. I had my own business in tool sales and later in custom woodworking which I still do. I married my wife, Mary Lou October 18, 1964. We had 2 children Dan and Tami, and 2 grandsons. In September of 1998 we moved to Oklahoma. My wife has spent most of our married life working in childcare. I spend my time now working in my 30 by 60 foot shop in woodworking and my 1961 Corvair pickup, and of course I have yard work that never ends.

Greetings from Louisville KY! 50 years has really sped by. Life has been very good to me & my family. We have 4 children, 6 grandchildren & maybe more grandchildren yet to come. 21 years ago I was LUCKY enough to meet & fall in love with my wife Connie. She keeps me 100% grounded & under control. I am also lucky enough to have both parents still living in Rapid City.

Las Vegas has provided a great life for the past 45 years. My late husband Cliff, who was from Mobridge, SD, and I were blessed with two sons. Christopher, his wife Sandra, and their 10 year old son Sean live in San Diego, CA. Tommy, his wife Sonia, their 6 year old daughter Madison and 2 year old son Gavin live in Las Vegas. Retirement after 30 years in education consists of family, friends and golf being center stage. I live in a retirement community, Sun City Anthem in Henderson, NV, which I just minutes away from the Las Vegas strip.

51 years ago I graduated from my Dutch High School, and a year later from RCHS. More graduations followed in due course, but almost three years ago I graduated to grandmotherhood, which is a peak experience in itself! Little Fabian might have a baby brother or sister as a birthday present this fall. I have had an interesting history of jobs, but now I am happily retired and involved in a lot of volunteer activities. Two years ago my “special friend” Paul (whom I introduced to you 10 years ago in the booklet) and I decided to get married but to continue our way of life “living apart together” . Very good for us but also very confusing for some people, especially for the authorities in The Netherlands. But you know me a little, cheerful but persistent (some call it stubborn). So happy to be meeting with all of you again!

I recently retired from dentistry after 40 years. Now I am concentrating on retirement, some catching up, some golf and some travel. I also completed 30 years in the Naval reserve and am happily using military benefits. In 2002, I married Kathleen. She also recently retired after 21 years as a pharmaceutical sales representative with GlaxoSmithKline. My daughter, Dara, with her husband, Jason, and our grandson, Jairus, live in St Louis. My son, Rodell and his wife Darcie live in Springdale, AR. All are doing well. Overall, life in San Diego is good. In the old Navy tradition, "I wish you fair winds and following seas."

After 26 years with Sears, I retired and with my wife, Karen (Millam), moved to Denver to start another career. I retired from Garts/Sports Authority in 2008 when Karen was transferred to Bozeman, MT. Not being able to sit and enjoy retirement, I started working at a new Ace Hardware store. No longer being in management definitely has advantages. We enjoy the area, most of the time, not the snow and cold, and go to Yellowstone National Park as often as possible.

My wife Diane and I are both retired. We moved back to our home in Fargo, North Dakota, from Lee's Summit, Missouri, after I retired in August of 2009. We spend most of the summer at our lake home on Lake Eunice, Detroit Lakes, Minnesota. Our daughter Dawn, (36) is married and employed by Medtronic in Minneapolis, MN. and has a son Brandon 5 years old. She is expecting another son in August. Our son,. Troy, (32) is a firefighter for the city of Moorhead, MN. and is single. We spend the winter months in Sun Village, in Surprise, AZ.

Wow! A lot can happen in 50 years. I managed to stay on the air (Radio or TV) for most of those years, while pursuing my real job as a musician/music teacher. But I was all over the place--Colorado, Illinois, Iowa, Florida, a few more years in the Dakotas, Minnesota, North Carolina, New York, Georgia but I don't like to talk about it, and finally Reno and points West of the Sierra. I never thought I would become an athlete. It is something that sort of grew on me over the past 6 years and, these days, occupies at least as much of my time as my musical pursuits. I haven't stroked a cue in quite a few years, but I am bringing it with me, and if there is time during the 50th, you will see me at the "Break Room," which I understand is Rapid City's most recent incarnation of "The Hole."

m12121@sbcglobal.net

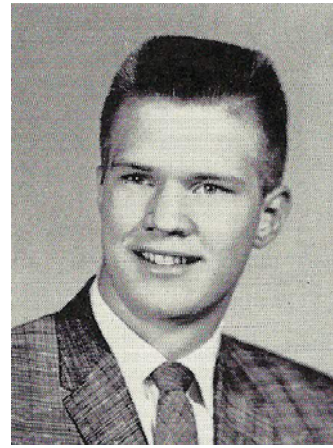

A pre-retirement move from Las Vegas to Springfield, Missouri put Mike and Jo Ann back in beautiful Ozark country. Our son and family followed a year later while our daughter and family remained in Las Vegas. Mike retired in 2006 and relocated just south of Springfield to the little town of Clever. There was enough land with the house so that Mike could build his retirement dream shop. His hobby had become creating projects with his CNC machine. He also became a member of the Friends of the Garden in Springfield and was involved on the building committee for the new Botanical Building. That eventually evolved into building signage for the park which put that CNC machine to work. Joined the Planning and Zoning committee of Clever, keeping engineering skills sharp and watching our little town grow. No time for boredom – Jeff thought it was time to create a new business for this area so we formed Accent Curbz which does decorative concrete landscape curbing and recently we added our Stonemakers line which includes retaining walls, water features, firepits and about anything you can create with concrete. Check out our website – www.curbz.biz to see all about us. This may all sound like work instead of retirement but rest assured you will find Mike at the local coffee shop every Tuesday morning where he meets his “Romeo” friends for breakfast. That’s Retired Old Men Eating Out!

I am married to Linda Hansen, class of '61. We met at work & have been married for 30 years this September 12. I retired from AT&T & was in partnership in a telecommunication company for several years. I also worked for a couple of other communication companies before retiring. We have a home in Sun City AZ & spend our winters there & our summers in Rapid City. Linda finds plenty of work for me to do that is what retirement is about I guess. We do like to travel but the gas prices make it not so fun. Looking forward to seeing old friends...

Lots of years have come & gone (understatement)! In 1984, I moved back to Rapid City from Oakwood (Dayton), OH. In 1986, Pat & I divorced. Michael Patrick & John Richard came along. Mike, though, was Iowa State University with a full scholarship-everything paid except room & board & he worked for that part of expense. We had another boy, James Martin, between Mike & John, who was still born. I have been richly blessed with 3 grandsons & 8 granddaughters. Mike is a dad of 7 & the more modest John has 3. In August, Mike will become a grandfather sooo - yep - I will get to become a great grandmother of a great grandson. I love that but somehow CANNOT get my head around this event & title -- yikes! PS. WE ARE NEAT, WE ARE FUN, WE'RE THE CLASS OF '61!!

In my 50 years since graduation I have lived 45 of them in Colorado and 37 in the home where we are now. We've been retired for 3 years from the local school district. Our family consists of 4 kids: Doug, Daria, Narda, and Todd, 6 grandchildren: Jason, Barb, Hannah, Zach Ryan and Steven and 4 great-grandchildren: Stormy, Janesa Jackson and Elle. I spend my time gardening, knitting and just enjoying being at home. I believe after 30 years of being gone working to pay for the house why would I want to not spend my time here.
